

Green Giraffe is a specialist advisory boutique focused on the renewable energy sector - in particular on offshore wind - launched in 2010 by experienced finance specialists. We are a team of more than 60 professionals with offices in Paris (France), Utrecht (the Netherlands), London (UK) and Hamburg (Germany), providing the following services:

- Debt advisory
- Equity advisory & valuation
- Financial modelling
- Contracting advisory
- Strategic advisory, market intelligence
- Development assistance

More information is available on our website: [www.green-giraffe.eu](http://www.green-giraffe.eu)

### **Position: Project Manager, Utrecht**

The scope of this role will include:

- Support of the Senior Project Manager/Supervisor in defining the financial structure and organising the process
- Supervision of financial analysts on the development and management of financial models and cash flow valuations for renewable energy projects
- Supervision of the due diligence work prepared by other advisors and reviewed by the analysts
- General market intelligence on sectors of interest to the company, including in-depth review of industry reports
- Business development
- Active participation in a young, international and dynamic team focused on making projects happen and adding real value to our clients

### **Required education and attributes**

The candidate should have a Masters' or Engineering degree or similar from an internationally renowned institution. In addition, the candidate should demonstrate:

- Excellent analytical skills and an ability to learn quickly
- A solid understanding of – and interest in – financial concepts and products
- Excellent oral and written communication skills in Dutch (ideally native language) and English
- Thoroughness and organisation
- An ability to work in a high-pressure environment
- An ability to take initiatives and take responsibility for allocated tasks
- The willingness to travel abroad

The ideal candidate should have 4 to 6 years of experience in project finance in the renewable energy sector. A third language such as French or German would be a great plus.

### **Package**

This position is offered on a full-time and permanent contract basis, in the Utrecht office, starting as soon as practicable. The candidate can expect opportunities to travel between Green Giraffe offices, to visit clients and to participate in regular team building activities.

Interested candidates should send their applications to [career@green-giraffe.eu](mailto:career@green-giraffe.eu) with “Project Manager - Utrecht – [your name]” in the subject field.
